McKINSTRY PORTLAND CAMPUS

The McKinstry Innovation Center in Portland brings new and emerging companies together under one roof to accelerate advancements in health and science. The resulting synergy fuels the creation of new technologies and products designed to move solutions from innovation to impact and improve worldwide health and well-being.

PORTLAND • SEATTLE • SPOKANE

AN INNOVATIVE CONCEPT FOR TODAY'S ENTREPRENEURS

Set on the dynamic McKinstry campus in the shadow of majestic Mount Hood, the 24,000 square-foot Innovation Center has flexible offices designed specifically to facilitate collaborative relationships and spur innovation.

The flexibility built into the floor plan allows businesses to grow as their needs require. As your company expands, the Center can take you from a business-ready one person office to a 3,000 square-foot suite.
